CLUB 279 / HARD ROCK CAFE

*** Friday, October 14, 2005 ***

TORONTO, Ontario: **House of Not** brings their unique brand of classic / melodic rock with a psychedelic twist to **Club 279 / Hard Rock Café** on Friday, October 14, 2005. House of Not will take to the stage and play a selection of songs from their first album 'Off the Path' and their upcoming second album '**Sexus**' – due to be released in early 2006.

“Led by frontman Brian Erikson, **House of Not’s** eight piece band brings a ton of energy to the stage and delivers a powerful classic rock sound a la Pink Floyd, David Bowie and Dire Straits” noted Susan Smythe, founder of **FreakStreet Productions**, the Canadian indie label representing House of Not.

House of Not’s second album '**Sexus**', due to be released in 2006, has already garnered favourable reviews in Europe. Eclipsed Magazine in Germany commented 'Sexus' is "... outstanding melodic rock" and Classic Rock Society U.K. stated: "... this is a rock band creating something all of their own with terrific guitar playing aside those moody vocals. Credit where credit's due!".

House of Not is a Toronto based indie / art rock band that is preparing to release their second album '**Sexus**' - Part II of 'The Walkabout' - in Canada next month. 'Off the Path' – Part I was released in Canada in late 2003 and internationally in the fall of 2004 and '**Sexus**' – Part II – was released in Europe and internationally in the spring of 2004. The albums, which are Part I and Part II of a five part rock odyssey entitled "The Walkabout", have garnered critical acclaim from press and media throughout Europe and internationally, generating comparisons to bands such as Pink Floyd, Led Zeppelin, Lynrd Skynrd, Dire Straits, YES, Genesis and Queensryche.
